A Bucket Of Sunshine Life

A Bucket of Sunshine, a term used for the use of a nuclear bomb, is a firsthand insight into life in the mid-1960s on a Royal Air Force Canberra nuclear-armed squadron in West Germany on the frontline in the Cold War. Mike Brooke describes not only the technical aspect of the aircraft and its nuclear and conventional roles and weapons, but also the low-level flying that went with the job of being ready to go to war at less than three minutes notice.

Hope you guys enjoy. I made this video but do not own this song in this way all the credit go's to the original Creator / owner

Bucket of sunshine by zi - YouTube

"Bucket of sunshine" is the grimly humorous term the crews used for a nuclear bomb, and a couple of chapters of the book describe how the Canberras would have dropped these weapons behind the Iron Curtain. Although some of the tactics are mentioned, I would like to have heard more about this essential part of the author's work.

What he found at 70x7 was, in his words, "like a bucket of sunshine ... I found hope and motivation with classes led by people that had real-life experience. Doors that had always been closed were now open." One of the guest speakers at the classes was a 70x7 employer, and Naka connected with him and is now a full-time employee at that business.
