Matrigma Test Prep: Introduction - YouTube

Matrigma is a non-verbal, low bias talent test that indicates how well a candidate will perform on the job. The test measures General Mental Ability, GMA, and predicts career success.

Assessio

However, we recommend that you choose Adaptive Matrigma (instead of Matrigma Classic) since it only requires 12 minutes of concentration instead of 40 minutes. Since there is no time limit on our personality tools (MAP, Mint and Match-V), the result should not be affected by an ADHD diagnosis.

One of my candidates has an ADHD ... - support.assessio.com

If you have used Matrigma via another test administrative system, this is what is different in Ascend: The result intervals have been adjusted: low comprises scores between 0 and 2 (formerly 0 and 3), average between 3 and 6 (formerly 4 and 6) and high between 7 and 10 (the same). The global norm group has been updated - if you wish to know more please contact your local distributor for a ...
