### **Hydraulics In Civil Engineering Chadwick | calendar ...**

John Chadwick recently paid a visit to the Boeing plant in St. Louis, MO. Several engineers were tasked with determining if a scratch on the 3/16" diameter hydraulic tubing on an F-15 was within the allowed damage limit. Using the 8400K, the main floor of the scratch was easily measured to be 0.004" and a more serious issue was revealed.

### **Hydraulic Structures: Fourth Edition**

Hydraulics is an important field in Civil Engineering that has to do with the mechanical properties of liquids. Whether the project is a tunnel, road or series of pipes running through a building, it's important to know how the water will travel and what conditions the building will be safe under. Read more about topics like fluid mechanics, fluid machinery, irrigation, coastal waters and more.
