Constructivist teaching methods | Psychology Wiki | Fandom

Constructivism is really a mindset. For example, instead of writing a lecture for class, a teacher asks himself or herself how the students can use the information in order to learn it. When creating lesson plans, the teacher continually evaluates to determine whether the plans follow the above principles.

Pearson Prentice Hall: eTeach: Constructivism

As you explore the different parts of the book, make sure you explain what each part of the book is and why it is important. For example, ask students to think about the role the author and illustrator have when making a book. Reinforce that the author writes the words and the illustrator draws the pictures.
