Evidence of Giants: Discovered, Disregarded, and Discarded. In the mid-1800s, a flurry of activity emerged across North America in the fields of archeology and anthropology, triggered in part by the discovery of the Chickasawba tribal burial mounds of Oklahoma, in which were found human bones seven feet and longer in length. In fact, during the years ranging from the late 1800's all the way ...

### **The Evidence and History of Giants Living on Earth | Gaia**

In the short time left in which we share this planet, it therefore becomes the task of the novelist to explore whale lives and their wet geographies. Gordon Glass's Latest novel, There Were Giants, does just this. Opening with these strange words: "It was the last one.
