Musty Books: "Rebecca's World" by Terry Nation (1975) March 26, 2020. September 23, 2020. Bob Fischer. It's almost possible to play Terry Nation Bingo with many of the scripts that the debonair Dalek supremo turned in for Doctor Who during his 1960s and 1970s heyday. There will be a remote planet with a frighteningly hostile environment (check); there will be a futuristic citadel that provides fragile respite from the dangers present on the planet's surface (check); there will be ...

Sadly out of print, this fabulously weird children's book was written by Terry Nation, creator of the Daleks, for his daughter Rebecca. It concerns the eponymous heroine and her adventures in a strange parallel dimension, populated by slithering, jelly-like ghosts. I remember it from childhood, but never got round to reading it.
