Future in the past is used to express the idea that in the past you thought something would happen in the future. It does not matter if you are correct or not. Future in the past follows the same basic rules as the simple future. "Would" is used to volunteer or promise, and "was going to" is used to plan.

You shouldn't focus on the past nor the future. Focus on the present. Work on yourself in the here and now. The future will come either way. The past has already been. If you start living in the here and now, you'll be happier in the long run. Stop waiting for good things to happen. Make them happen.

## **How do you focus on the future and stop focusing on the past?**

Using future in the past. Sometimes we are talking about a past event and we want to refer to something that happened in the future at that particular point in the past. When we want to express future in the past, we use the past of the normal future forms.
